

The Ancient City Pipes & Drums

The Ancient City Pipes & Drums, is based in the nations oldest city, St. Augustine, Florida. We are Americans with roots in Scotland and Ireland. Our purpose is to promote and share our culture, heritage and love of bagpipe and drum music with the local community.

We are proud to be Americans, and also proud of our Celtic ancestry.

We are a non-competition Bagpipe band, performing in local parades and festivals throughout the NE and Central Florida area. Our members come from the Jacksonville area, St. Augustine, Palm Coast and the Daytona/Ormond Beach areas.

We welcome all new members, experienced or inexperienced. We teach piping and drumming locally for those wishing to join our band.

You are invited to tour through our other pages in this website and learn more about us.
